

Napier Boys' High School

TERM 1 — MAY 2016

NEWSLETTER

From The Headmaster's Office

The recent April holidays, while they now probably seem a distant memory for the boys, saw a number of school groups represent the school. The Orienteering team stood out winning their 11th North Island Secondary Schools' title in the last 22 years and they did so by a record margin. Our hockey 1st XI faced a tough pre-season tournament in Hamilton and the highlight was a draw with the perennially tough Hamilton Boys' HS side. The yachting team also competed at the Nationals on Lake Taupo and improved from last year to 16th place overall with Josh Gilmore in Year 9 gaining national selection. On ANZAC day the school was represented by our prefects at both the Taradale service and the main service in Napier. Other sports continued to train or go into camp in preparation for this term's competitions and I would particularly thank the staff who give up their holiday time to make all these events possible.

It has been pleasing over the past two weeks to recognise a large number of senior students who have gained "excellence" results with their NCEA internal assessments. This is a comment on their hard work and augurs well for the final results later in the year. Term Two is always the time where the academic tempo steps up and it is important that the boys respond to this by ensuring they are organised, use their time wisely and

seek help from staff as they need. Continuing with academics, the school held an evening for the parents of junior students on exam preparation with Mr Russell which was well-attended.

Last Friday the annual school cross country was held. While this may be an event some dread, I have always found that it can be a great test of grit and character for those of us who are not long distance runners; their completion of the event is as meritorious as the efforts of the champions. For the record, Bradley Christison, Sam Henderson and Oliver Marshall won the Senior, Junior and Year 9 events respectively. Our runners followed up this event with a successful day at the Havelock North cross country relays coming 1st in the Senior and Year 9 events and a very credible 2nd in the Junior race.

Rounding out the start of the term, a number of our boys took part in the NZ Chef Salon Culinaire Competition at EIT on Sunday. Thanks to their considerable practice during the holidays and over the last few weeks with Ms Linley and Ms Dawes. The team gained a number of placings including gold to Carl Thompson and Ben Falconer in the Innovative Pizza category.

The opening night of "Grease" looms on the horizon and I understand tickets have been selling fast. It promises to be a great production and starts a season of events over the next month which will showcase our best cultural talent.

Recent national success:

- Reece Lister – Under 250 cc motocross
- Josh Gilmore – Yachting team

Finally, I would thank all those staff, parents and old boys who give of their time to our sporting and cultural programmes. If you have the time to assist **in any of these areas, please don't hesitate to approach the managers and coaches** or the Director of Sport, Mr West and our Cultural Coordinator, Ms Robertson.

Matt Bertram - Headmaster

Russell McVeagh Debating

Liam Silverwood has been chosen as part of the HB debating team, sponsored and organised by Russell McVeagh Law firm. This will involve a preliminary round of debates against other areas held at Victoria University on 27/28th/29th May. Teams that qualify will go into Grand Final held in the Legislative Council Chamber in Parliament.

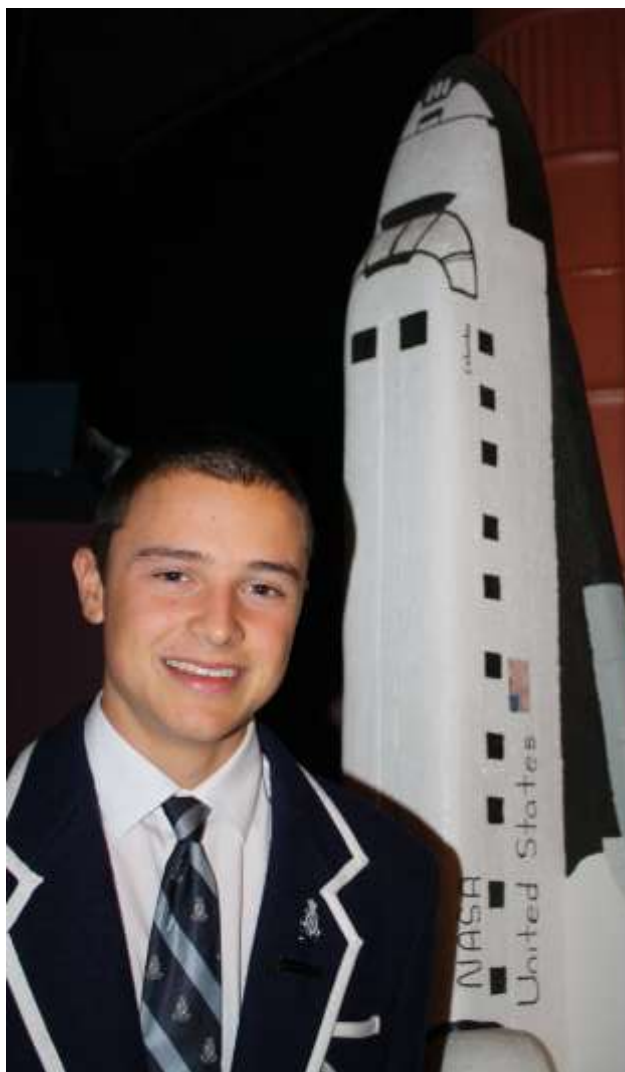

*Headmaster
Matt Bertram*

A Giant Leap Into The World Of Space

It's a dream come true for Laird Kruger who have been selected by the Royal Society of New Zealand to attend the USA Space Camp in Huntsville Alabama in July.

International Space Camp (ISC) brings together educators and students from thirty five countries around the world to build relationships and for participants to challenge themselves as learners in science, technology, engineering and mathematics (STEM). The students will be immersed in a programme that is designed to promote space science and exploration and they will be challenged both academically and physically through extended-duration missions and experiencing microgravity in the Underwater Astronaut Trainer. Activities will include hands-on astronaut training, as well as learning about the mental, emotional and physical demands astronauts must face.

A separate programme is organised for the Educators that includes authentic astronaut training simulators and activities developed to promote learning in a classroom setting.

After the Space Camp in Huntsville, the group will travel to Houston where they will stay for three days and visit some sights including the Houston Space Centre and the Natural History Museum.

The Talented School Students Travel Award, managed by the Royal Society of New Zealand and funded by the Ministry of Business, Innovation and **Employment, will fund 70% of a student's travel and registration costs.** This Fund supports passionate science students who have been selected on a national basis to attend international science or technology events.

Academic Excellence

The hunt for Internal Excellence credits for NZQA has begun. Students have gained excellence credits in a wide range of subjects and topics. Everything from Level 3 Calculus – Trigonometry to Level 3 Engineering – developing a design brief. A Year 9 student; Jontaieri Morris has gained excellence credits in level 3 Digital Technology while still only 13 years old. Jontaieri is also part of a group of students who are developing a school app for the parents and student at Napier Boys' High School.

Bus Bay – No Parking

Parents are reminded that there is no parking in the bus bay from 2.30 – 3.30 pm. This is clearly signposted. We have 6 buses that arrive to pick up several hundred students. When there are cars in the bus bay, two buses (or more!) have to stop out on the street, which mean boys have to walk on the road to get to their bus. The buses need the space right from the end of the grass at the start of the bay all the way to the end. Parking in the bus bay creates an unsafe situation. **Please do not stop in the bus bay, even if you are “just” picking up.**

Additionally, parents are strongly cautioned from using the bus bay to make a u-turn. With the congestion on Chambers Street at 3.10 – 3.30, combined with the two-way traffic, it is simply a dangerous situation for all boys leaving school. **When the buses have to park outside the bay because of a parked car, it is a disaster waiting to happen. Let's keep all our boys safe.**

Yr 12 Chemistry Trip

On the 10th and 11th of May all Yr 12 Chemistry students went out to the EIT's Winery department to learn how to make wine. This process starts at NBHS where the students grow the grapes in Yr 9 Agriculture. The grapes are then harvested in Yr 10 Agriculture. Unfortunately over the last two years, a fungal infection has **destroyed most of NBHS' grapes.**

Our Chemistry students then take the grapes that are not affected to the EIT. The boys are taught about all the processes that go into changing these grapes into wine.

This is a very hands on field trip and they carry out a number of practicals such as titration, to determine sulfur dioxide content (a preservative to stop the wine turning into vinegar); refractive index, to determine how much sugar is present and tests to determine the acidity of the wine.

Once this has been established the wine is put aside to ferment for a year. The previous **year's wine** is then bottled by the boys, labelled and then brought

back to school. The school's vineyard is part of the 'Scinde Estate' and is called "The Nui" and is only served in 5 star Michelin restaurants.

The tutor from the EIT sent the school an email commending the boys' behaviour and their overall motivation in learning about this process.

2016 NZ Chef Salon Culinaire Competition

This year saw the Food Technology department mentor our largest group of competitors so far.

We entered eight students into four categories and returned 3 bronze, 2 silver and 2 gold medals.

Students trained twice a week for the last 6 weeks in preparation for the high standard of competition skill required. We were extremely proud of all their efforts, the support they showed each other, and thrilled with the encouragement from home.

School Cross Country

A beautiful Hawkes Bay day and a dry course saw some good time run in the annual school cross country. First up was the Year 9 race. We have a group of very talented young athletes in this grade who have been training hard for four inter-school events held this term. The North Island 3000 metre champion, Oliver Marshall, won the event in a good time of 11.25min from Max Taylor and Adam Barron. Oliver and Max

went on to run in the Hawkes Bay 10k event as part of the Hawkes Bay International Marathon promotion the next day. They finished 3rd and 4th respectively in the open mens' grade, so very talented athletes who I am sure we will hear a lot more of in the future.

The Junior Boys (Under 16 at the end of the year) race was second. The surprise winner here was Sam Henderson. Sam has spent all summer

getting fitter and stronger for his Rugby and he certainly showed all the other sportsmen in the school what being really fit is all about. Sam's time was 12.01 and he was followed home in second place by Kingston Webb and Mathew Harvey in third place.

As expected the senior boys race turned out to be a Bradley Christison exhibition run. Brad won in a time of 10.56 from David Rawnsley and Jacob Barber who both posted good times over the course.

Havelock North Cross Country Relays

The Year 9 team went to this event with the sole purpose of breaking the existing race record. We currently hold all three individual best times:

Year 9: Bradley Christison 7:13
 Junior: Bradley Christison 7:06
 Senior: Christian Leopard 6:33

 KUKRI

We also hold all three age group course records. This years' Year 9 team wanted to prove they were better than all the Napier Boys' teams that had gone before them hence the record attempt. The lead off runner was Oliver Marshall, he ran a great first leg sitting on Mitchel Snell's (Lindisfarne) tail for the first kilometre before powering past him to lead by 13 seconds at the change over. Oliver went very close to Bradley's Year 9 record no small feat when it is remembered that the year Brad set this record he won both the New Zealand schools' Cross country and Road race. The next runner was Adam Barron who completed his leg in 8.15 and opened up a large gap on the second placed Lindisfarne team. Joshua Jowsey ran third but had the misfortune of falling at the water and injuring his knee. He still finished the course and passed the baton to our final runner Max Taylor with a lead. Max ran an amazing leg with only the possibility of breaking the record keeping him running fast as the second placed team was now nearly 2 minutes behind us. Max completed his leg in the second fastest time of day, for all Year 9 runners, and the boys got the record by just 4 seconds, recording a new best time of 32:10.

Our Junior team featured only one actual Cross Country runner but good runs from two Rugby players and a Sprinter saw the team of Sam Henderson, Toby Archer, Kingston Webb and Matt Harvey finish second.

The senior team won their event easily. Bradley Christison took the lead early on the first leg and the rest of the team (Lachlan Gilbertson, David Rawnsley and Joshua Barber) widened the gap throughout the race so that they eventually won by a huge margin.

North Island Orienteering

The year began with the Summer Series, seven races on small, mainly city maps followed by a final. We managed to place three boys in the Under 16 final (Adam Barron, Nick Wright and Kingston Webb) and

three in the Open final (David Rawnsley, Logan Stevenson and Bayley Stephens-Ellison). In fact David was the top qualifier but faced with competing in Havelock North, home turf for his rival, he had to settle for second while Bayley was a comfortable third.

David was crying out for revenge at the first round of the Hawke's Bay Schools' Championship – the sprint. This was held at Onekawa, neutral ground. Revenge was sweet and David duly won the Senior Boys' by half a minute. He was followed

by Head Boy, Will Tremain in third place. In the Junior race, Daniel Harvey was our only podium finisher, with a very strong run for second. However in

the Intermediate contest we had a convincing trifecta: Bayley first, Kingston second and Seb Ayson Macfarlane third. Another pleasing fact was that we had nearly 60 entries, more than any other school by a considerable margin. Maintaining that enthusiasm is a goal for the year.

Over Easter, a number of our runners swapped NBHS blue and white for HBOC black, white and green, competing at the NZ Orienteering Championships. The highlight of the event was David winning his first two New Zealand titles in the M18 Sprint and Classic races. He was third in the Middle distance. The hard luck story of the event was Bayley finishing third in each of his three races in the M16 class.

The next major event for us is the North Island Schools' Championship in the second week of the school holidays. Conveniently, Hawke's Bay is hosting the event so we hope to have strong numbers again to help us regain the trophy we lost last year.

North Island Secondary School Swim Championships

Saturday 14 May 2016

A team of ten NBHS swimmers represented the school in Palmerston North at the North Island Secondary School Swimming Championships on Saturday the 14 May.

A difficult meet as the swimmers had just completed a break after the summer season.

The team consisted of five juniors and five senior students led by Jade Wills the 2016 School Swimming and Surf Life Saving Captain.

NBHS Swim team: Sam Whiteside, Luke Kay, Trent Kamper, Gus Andrews, Matthew Sexton, Hadlee Dyer, Cameron Madams, Jack McGhie, Oskar Lynch and Jade Wills.

NBHS was the third boys school overall which was a great effort as the team was considered quite small in comparison to Wellington and Palmerston **North Boys'.**

The boys were placed well in both age groups 15 and under and over 15 as there were many 4th, 5th and 6th placings. We were just beaten for 3rd in the senior 200m free relay by 100th of seconds.

The following boys managed to get top 3 placings:

Sam Whiteside

1st 14 and under 50m free

1st 14 and under 100m free

3rd 14 and under 200m free

Trent Kamper

3rd 14 and under 200m fly

Jack McGhie

3rd 15 and over 200m fly

Matthew Sexton

3rd 14 and under 50m breaststroke

3rd 14 and under 100m breaststroke

Hadlee Dyer

3rd 15 and over 200m Medley

KUKRI

Whats Due

Listed below are the Internal Assessments that are due for NCEA during the next five weeks of Term 2. Please take the time to sit down with your son and look at what assessments he has and when they are due. This will allow staff and parents to work together to make sure the students complete these assessments on time and to the best of their ability.

Year 11 Term 2

SUBJECT – eg: 11 Wood	ACHIEVEMENT STANDARD – Number and short name	Classes – All or Individual teachers	Due date – eg: Week 3
English	1.4(AS90052) Produce Creative Writing	All	Week 4
Alternate Science	US Space	All	Week 5
Music	AS 91059 – Demonstrate knowledge of two music works from contrasting contexts (part 1)	MV	Week 5
Graphics - DVC	Task 1, Product design	Wy, CE	Week 5 Friday 3 June
Alternative Mathematics	AS1.5 Measurement	DE, BL	Week 5
Economics	AS 90988 – Government Decisions	RI,Oa	Week 6
Music	AS 91424 - Perform two pieces of Music as a featured soloist	MV	Week 7
Agriculture/ Horticulture	A.S 1.7 Demonstrate knowledge of pasture/crop management practices	NN	Week 7
Music	AS 91419 – Compose two original pieces of Music	MV	Week 7
Wood	24356 v1 Apply elementary workshop procedures and processes for BCATS projects (Dartboard case or Entertainment	Cn	Week 7

Year 12 Term 2

SUBJECT – eg: 12 Wood	ACHIEVEMENT STANDARD – Number and short name	Classes – All or Individual teach- ers	Due date – eg: Week 3
Wood	12937 v3 Erect a timber Pergola as a BCATS project	Cn	Week 4
Engineering	4435v7 Engineering measuring equipment	MI	Week 4
Science	Physics 2.1 Carry out a practical physics investigation that leads to a non-linear mathematical relationship	All	Week 5
Vocational English	4252 Targeted CV	All	Week 5
Accounting	AS 91386 – Inventory Control	RI	Week 6
Graphics - DVC	Product Design	Ce	Week 6 Friday 10 June
Geography	AS 2.6 NZ Contemporary Geographic Issue	JO	Week 7
Art- Painting and Design	2.2 AS91311, AS91310 Use drawing methods to apply knowledge of conventions appropriate to painting/design.	HS,WS	Week 7 17 th June
Art- Painting and Design	2.3 AS91316, AS91315 Develop ideas in a related series of drawings appropriate to established painting/design practice.	HS,WS	Week 7 17 th June
Engineering	2430v7 Manually produce and interpret engineering sketches under supervision.	MI	Week 7
Music	AS 91270 - Perform two substantial pieces of music as a featured soloist (Performance 2)	RB	Week 7
Agriculture	A.S 2.7 Demonstrate understanding of interactions between livestock behaviour and NZ commercial management practices	NN	Week 7

If you wish to have the Newsletter emailed to you please ensure you let **Julie Gourdie** have your email address. Please contact her at jgourdie@nbhs.school.nz with any alterations to your email as well.

Year 13 Term 2

SUBJECT – eg: 11 Wood	ACHIEVEMENT STANDARD – Number and short name	Classes – All or Individual teachers	Due date – eg: Week 3
Biology	AS 3.4 Demonstrate understanding of how an animal maintains a stable internal environment	HD	Week 4
Earth and Space Science	AS 2.4 Investigate how organisms survive in an extreme environment	VE	Week 5
Economics	AS 91401 - Demonstrate understanding of Micro-economic concepts	Pd	Weeks 5/6
Agriculture	A.S 3.2 Carry out an investigation into an aspect of a New Zealand primary product or its production	NN	Week 7
English	AS 3.9 Close Reading of visual texts	AB	Week 7 (Friday 17 th June)
Music	AS 91416 - Perform two programmes of music as a featured soloist (Programme 1)	MV	Week 7

NAPIER BOYS' HIGH SCHOOL

Term Two 2016

Week Four

M-F	23-27	May	ARTS WEEK
Tu/W	24/25		Wairarapa College exchange (away)
W	25		Careers Expo 7 – 9pm
W-F	25-27		Major Production – Grease with NGHS
