

GUIDED WALKS & TREKS IN THE RUAHINE AND KAWEKA RANGES

HAWKES BAY, NEW ZEALAND

www.afoot.co.nz

Afoot has been operating under a Department of Conservation Concession License since 2007. Last month Afoot also achieved accreditation by The Duke of Edinburgh's International Award Aotearoa | NZ Hillary Award.

Afoot provides guided tramps for locals and international tourists and Adventurous Journeys for school groups in the Ruahine and Kaweka Ranges.

For the 2018 year the school has entered into an arrangement with Afoot to provide group tramps and adventurous journeys for students. Afoot provides these services to other schools and has been involved previously with NBHS as part of school camps and with the International Programme.

We have scheduled a Bronze Tramp in the April school holidays (17th to 19th April). We already have some NBHS students enrolled and would be keen to hear from other boys interested. This tramp would be suitable for the Preliminary or Qualifying Journey.
