There are some exciting new initiatives for rugby at NBHS in 2022. The E-F Grade teams (6 in total last year, hopefully more this year!) will play internal games midweek, instead of a training night, they will train again that week and then play other schools on the Saturday. A 2 game-1 train program which our young men are very excited about and looking forward to.

The other initiative this year is that there will be 2x NBHS U15 Teams, selected through trials the top selection will play against other local HB school 1st XV's and attend the NZ U15 16 team National Tournament in Christchurch. The 2nd U15 team will play as an U15 team in D grade and then attend an invitational 8 team U15 Tournament during winter tournament week, playing against schools such as Wanganui Collegiate, Kings College and Lindisfarne.

Any parents interested in supporting a team at NBHS in anyway please contact Brendon Ratcliffe directly. Rugby only occurs at NBHS because of the amazing support of our parent community. Please do make contact, our young men need your support.

Any questions or queries, please contact NBHS Director of Rugby Brendon Ratcliffe on 0272772096
